SKILLS

Programming Languages:

- Java • Kotlin • TypeScript
- JavaScript • Rust

Frameworks:

- Spring Boot • Spring AI • LangChain
- LangGraph • Svelte
- Angular

Databases:

- PostgreSQL • MySQL
- Firestore

Others:

- AWS • Docker • Kafka
- Terraform • GCP
- Kubernetes

Version Control

- Git

CERTIFICATIONS

- AWS Solution Architect Associate
- Google Associate Cloud Engineer

COURSEWORK

UNDERGRADUATE

Computer Networks
Operating Systems
Machine Learning
Software Engineering
Algorithms and Data Structures
Computer Graphics
Secure and Dependable Systems

EXPERIENCE

DEUTSCHE BANK | SOFTWARE ENGINEER

Jan 2025 | Berlin, Germany

- Designed and implemented automations for manual operations using Playwright.
- Designed a CRM case-fulfillment system that significantly improves the time to for operation team to resolve EBICS mandate related queries.
